CERTIFICATE OF COMMERCIAL COMPOSTABILITY

FOR RESINS

THIS IS TO CERTIFY that the following items have been found to comply with the specifications established by ASTM Standard(s) D6400 and/or D6868 and the BPI Commercial Compostability Certification Scheme Version 2.6.1 in accordance with the terms and conditions of The International Biodegradable Products Institute, Inc. License Agreement & Certification Program for Compostable Products:

Uncolored SH Film Resins, max thickness 98 um

This Certificate verifies that the certified items contain no intentionally-added organic fluorinated substances (PFAS), including as a processing aid. This has been confirmed through detailed analysis of the formulation and Safety Data Sheets for all ingredients, a signed manufacturer statement(s), and a screening test showing a maximum of 100 parts per million (ppm) total fluorine as a proxy for PFAS (unless demonstrated to be from naturally-occurring fluorine).

This Certificate authorizes the Licensee to use the BPI Certification Mark to support claims of commercial compostability for items in the following category or categories:

Resins - Film Resins

Only items with the specific stock keeping units (SKUs) or item numbers found on the attached product list and Dongguan Xinhai Environment-Friendly Materials Co., Ltd.'s listing in BPI's online product catalog are covered under this Certificate:

https://products.bpiworld.org/companies/dongguan-xinhai-environment-friendly-materials-co-ltd

Use of the BPI Certification Mark is subject to all conditions and terms of the License Agreement & Certification Program. This approval is for a Resin only and cannot be used to make claims of commercial compostability for a finished product. Manufacturers and converters using these certified resins to manufacture other items must seek a separate BPI Certification in order to use the BPI Certification Mark or claim such certification on those items.

LICENSEE NAME: Dongguan Xinhai Environment-Friendly Materials Co., Ltd.
